## Education

2021-present

### Bachelor of Engineering

New Horizon College of Engineering

First 3 semesters CGPA: 9.89

Pass out year: 2025

2020-2021

### 12th Grade

JSS Public School

Percentage: 90.8%

2018-2019

### 10th Grade

JSS Public School

Percentage: 92.2%

## Technical Skills

- Python
- Java
- C
- Web Design-HTML,CSS,JS
- MySQL
- Frameworks-Django

## Soft Skills

- Team Management
- Problem-solving
- Leadership
- Creative Thinking

## Languages

- English
  - Working Proficiency
- Hindi
  - Working Proficiency
- Telugu
  - Conversational Proficiency

# Saipriya AV

## Sophomore

An ambitious and self-motivated student seeking to do research, I am driven by a relentless curiosity, a strong work ethic, and a profound interest in computer science and engineering topics. My passion for exploring innovative solutions in this field fuels my commitment to pushing boundaries and achieving excellence.

## Projects

### 2023

#### CPU Scheduling Algorithms using C

A project designed to understand the working of various CPU scheduling methods for process management in a computer

### 2020

#### Covid-19 website

The covid-19 website we built aims to help people in their day-to-day activities by providing them with the latest information about the pandemic, helping them stay healthy, active and up to date with what's happening around them.

### 2020

#### Student Resource Page

This project aims to help fellow students access computer science resources like websites and YouTube videos to refer to while coding and building projects.

### 2019

#### Water Management Project

IoT Driven, NLP enabled smart water management system

## Achievements/Extracurriculars

- Tech Business Integration Club (College Club)
  - Project Committee Chair
- CBSE Regional Science Fair (Grade 11)
- Art Page

## Workshops attended

- Data Analytics by New Horizon College of Engineering
- Chatbot Development by Kotresh M, Indian Techies-8th December 2022
- Ethical Hacking by QuantumX22, New Horizon College of Engineering Event- 9th December 2022

## Online Courses

- Internet of Things (NPTEL,IIT) - Ongoing -2023
- Full Stack Web Development (Udemy)-2020

## Interests

- Reading
- Sketching and Painting
- Coding
- AI
- Illustrations
